why it doesn't Work?

PowerPoint is powerful, but power isn't the main trait that a trainer wishes to project in a classroom. Even with the best stock-pictures a PowerPoint presentation results in yawns because the audience is habituated to being bored by it.

Original Witty Content gets Attention All the Time!

Everyone Loves Quick Cartoons!

Extempore Cartooning adds another dimension to your training programs. For this you need to learn:

- (a) how to draw quick expressive cartoons.
- (b) how visualize them in the context of your trainings.

Through Creative Agni's 1-Day Cartooning for Training workshop your training team will learn to:

1. Create quick, simple, yet expressive cartoons.
2. Identify the pockets of boredom in their training programs that can change into fountains of energy by using cartoons.
3. Come up with original contextual cartoons (witty visuals) that will enliven their training programs.
