FOR A TRAINER,  
MISSING THE  
LEARNING GOAL  
SPELLS FAILURE!

Training abilities +  
Content Knowledge  
don't necessarily  
mean a successful  
training program.

The 3-Day Instructional Design for Trainers (IDT) program by Creative Agni® provides your trainers the capability of using different instructional design models and methods to analyze their audience, scope their content, write clear goals and objectives, find the best examples, design the right learning activities, establish the level-wise assessments, and deliver their trainings with confidence and aplomb.

Trainers who can use instructional design to structure and present their trainings and workshops can be certain of ensuring learning.

A TRAINER EMPOWERED  
WITH INSTRUCTIONAL  
DESIGN NEVER MISSES  
THE LEARNING GOAL!
